

Hurst Joinery Projects

Delivering Excellence
in Bespoke Joinery
and Timber Doors

Who We Are_

Hurst Joinery Projects has been delivering bespoke joinery solutions since 1996. Operating from our 80,000 sq ft manufacturing facility in Yorkshire, we combine advanced technology with skilled expertise to bring visions to life.

We offer a seamless service from consultation to manufacturing and, if required, installation. With extensive experience across commercial, education, retail, leisure, and residential sectors, our tailored solutions balance functionality, precision, and attention to detail.

Trusted nationwide, we are committed to delivering quality, reliability, and solutions that elevate every space.

Manufacturing Capabilities_

By embracing innovative materials and techniques, we stay ahead of industry trends, offering clients creative and forward-thinking solutions for their projects.

Our 80,000 sq ft manufacturing facility combines modern technology and machinery with time-honoured techniques, ensuring precision is delivered at scale. This blend of innovation and craftsmanship allows us to offer truly bespoke solutions that meet the highest standards of quality and design.

We work with a wide variety of materials, including sustainably sourced timber, veneers, and solid surfaces, ensuring the best solution for every project. Whether it's a high-spec commercial fit-out or a unique feature piece, our manufacturing process guarantees the finest results.

We are continually exploring innovative materials and techniques to stay ahead of trends, offering clients creative, forward-thinking options for their projects.

Our Services_

Early engagement with our team is essential to achieving the best results. By involving us from the outset, we can value engineer the project to align with your vision, ensuring it stays on schedule and within budget. Our comprehensive process ensures a seamless experience from concept to completion:

Consultation_

We gain a thorough understanding of your project needs and objectives.

Estimation_

Our tenders and proposals offer clear, detailed insights into costs, materials, and timelines, keeping you informed on every aspect of your project.

Design_

Our experienced technical setting-out team transforms your vision into detailed drawings and visuals, bringing your concepts to life.

Manufacture_

Bringing designs to life with a blend of precision engineering and skilled craftsmanship to produce quality joinery solutions.

Installation_

Our professional installation teams ensure every element is installed with the greatest of care.

Aftercare_

Upon completion we continue to deliver support which maintains the quality and functionality of our work.

“

Hurst Joinery Projects helped us refine our vision and delivered exceptional results with great attention to detail.”

Sector Expertise_

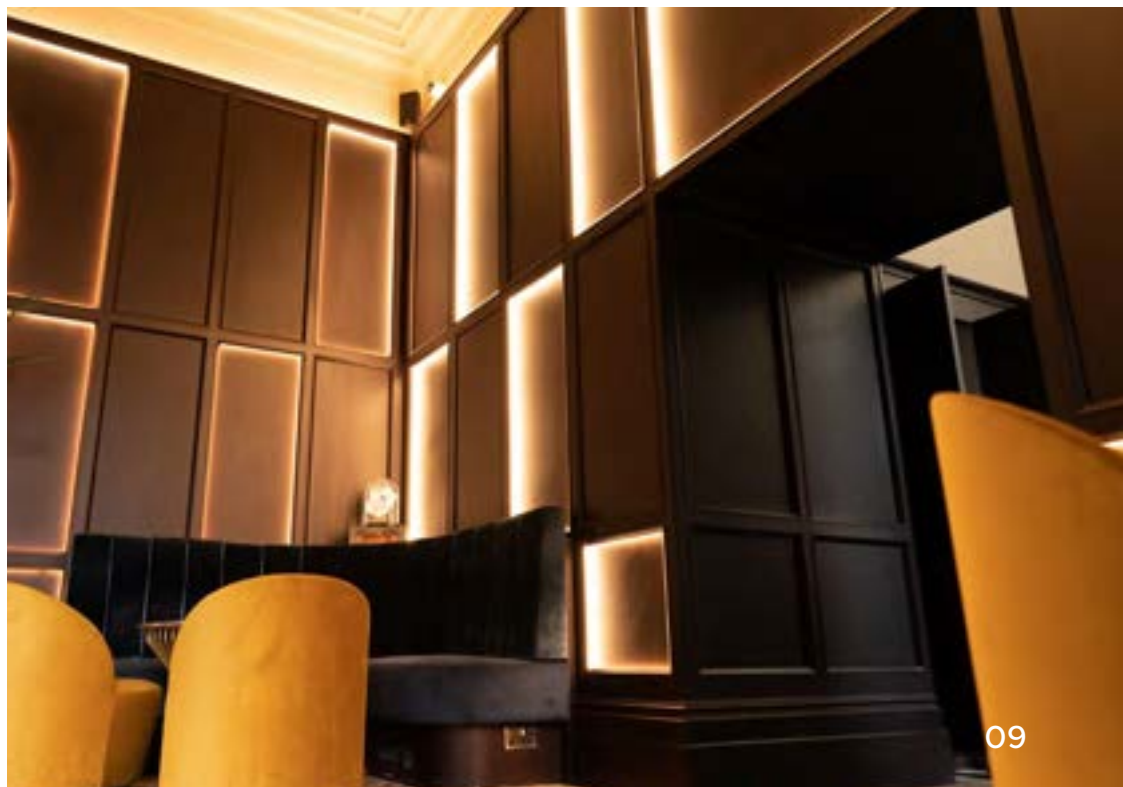

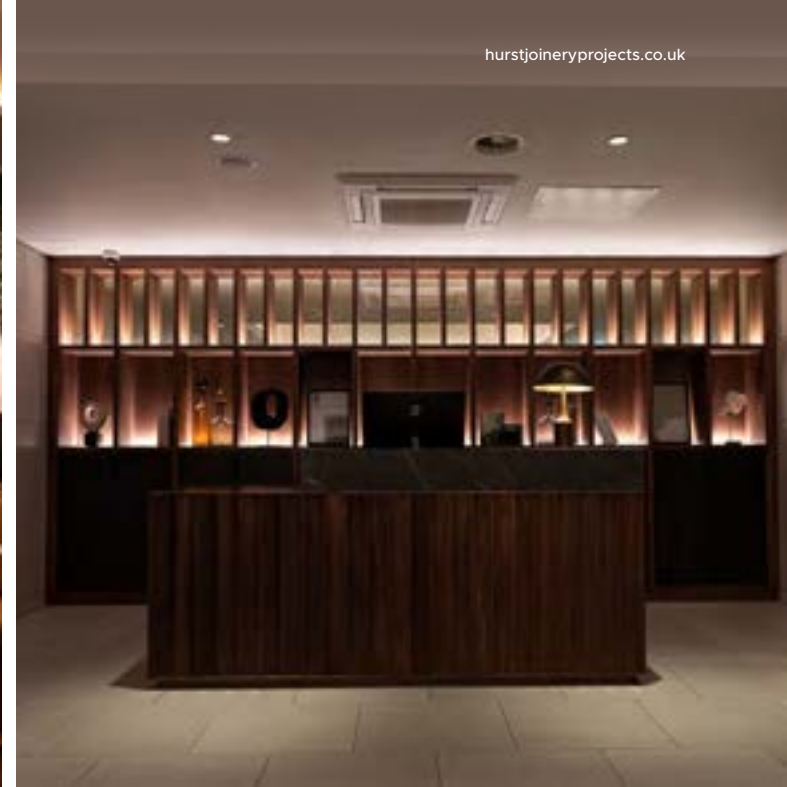

At Hurst Joinery Projects, we deliver bespoke joinery solutions tailored to the unique requirements of each project. By focusing on the needs of the space and its end users, we produce tailored designs that are both functional and distinctive.

At Hurst Joinery Projects, we understand that every project is unique. Our bespoke service recognises the individual requirements of each client and project, producing tailored solutions that meet the specific needs of the space and its end users.

We work across a range of sectors, including commercial, education, retail, leisure, and residential, adapting our expertise to suit the demands of each. While we can create unique joinery to fit any brief, we typically deliver:

- **Communal Amenity Spaces** – Joinery for ceiling grid systems, lift lobbies, and feature panelling (including fire-rated) designed to complement the interior design.
- **Reception Desks** – that are welcoming and set the tone for the space.
- **Feature Wall Panelling** – Functional and stylish walls incorporating lighting, AV media, and storage solutions.
- **Banquette and Bench Upholstered Seating** – Tailored seating solutions designed for comfort and durability.
- **Kitchen and Dining Areas** – From chef's kitchens to office tea points and bars.
- **Performance Timber Doorsets** – Including Q-Mark fire-rated and acoustic doors to meet safety and performance standards.
- **Bespoke Storage Solutions** – Custom-designed storage to suit any layout or purpose.
- **Planters and Living Walls** – Practical installations that enhance spaces with greenery.

Our experience spans diverse projects, from high-end, large-scale build-to-rent residential developments to commercial workspace and vibrant leisure spaces. Whatever the scope or complexity, our skilled team ensures that each piece of joinery is delivered with precision, quality, and attention to detail.

Performance Doors_

At Hurst Joinery Projects, we design and manufacture high-quality timber doorsets tailored to a wide range of project requirements. From bespoke designs to fire-rated solutions, our doorsets balance safety, functionality, and style, making them ideal for residential, commercial, leisure, and education sectors.

Our bespoke timber doors are purpose-made for each project, offering extensive options for finishes, glazing, and ironmongery to complement any architectural style. For projects requiring enhanced performance, we supply Q-Mark certified fire doorsets (FD30s to FD120s), acoustic doors (up to 42 RwdB), and fire-rated acoustic doors, along with doors incorporating PAS 24 security features. The doorsets supplied have been rigorously tested to meet stringent industry standards and ensure reliable performance over time.

Available in veneered, laminated, or painted finishes, our timber doorsets are designed to enhance interiors whilst meeting the functional needs of high-traffic environments, noise-sensitive spaces, and secure applications.

With a focus on precision engineering and attention to detail, Hurst Joinery Projects delivers timber doorsets that clients can rely on for quality, durability, and compliance with exacting standards.

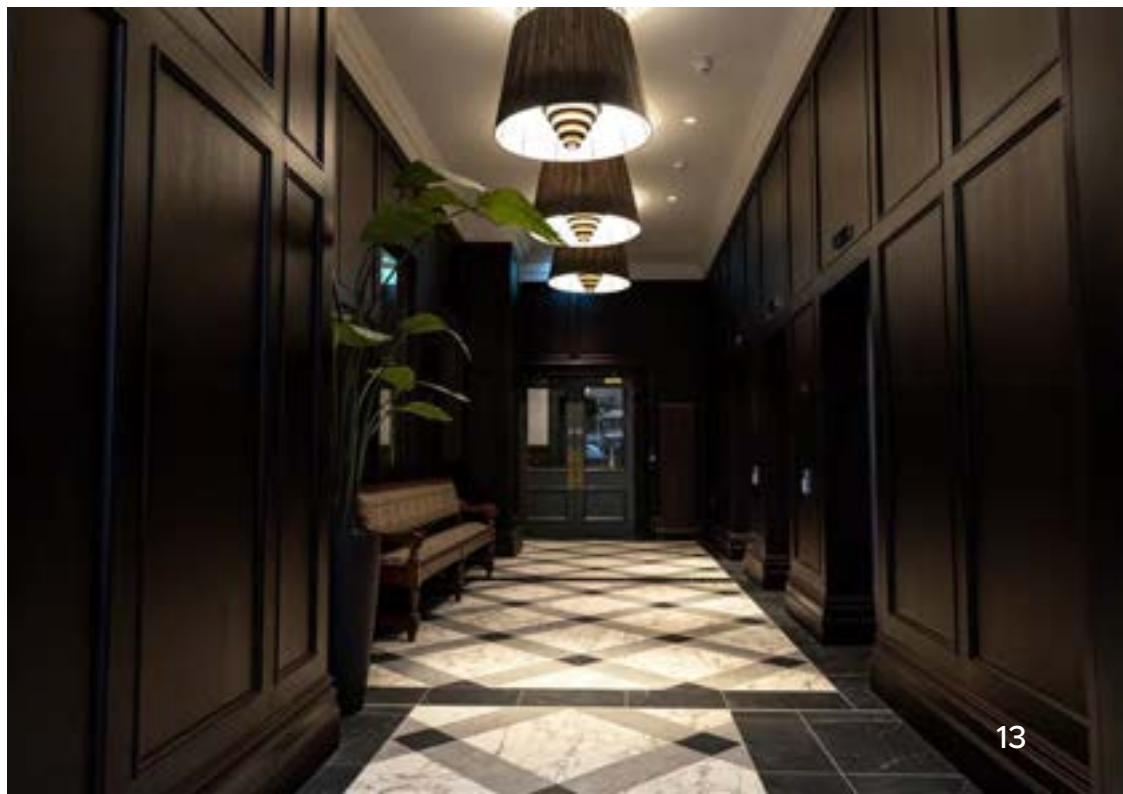

Project Portfolio_

We are proud to collaborate with clients across a variety of sectors, delivering high-quality joinery projects tailored to their unique requirements. Our portfolio highlights recent achievements, including luxury hotels, Grade A commercial offices in London, premium student accommodation, and more. The following case studies showcase the expertise and precision our skilled team brings to every project.

Project_The Municipal Hotel – Liverpool

Client_Fragrance Group UK

Sector_Leisure/ Hotels

Hurst Joinery Projects worked with Russell WHBO on the £45 million refurbishment of Liverpool's Grade II listed Municipal Building, transforming it into a luxury four-star hotel for Fragrance Group UK. The project involved bespoke joinery for reception areas and spa rooms, seamlessly blending modern elements with historic features to create a timeless, luxurious atmosphere.

Joinery Elements Supplied:

- Wall Panelling
- Feature Bar
- Large Bespoke Architrave
- Banquette Seating
- Reception Desk and Feature Wall
- Bespoke Decagon Feature Table & Desk
- Spa Reception Furniture
- Spa Treatment Room Counters and Storage Units
- Timber Panelling
- Book Shelves
- Bespoke Planters
- Botanic Tearoom Bar and Shelving Units
- Breakfast Room Cooling Server and Storage Units
- Renovated Seating
- Concierge Desk

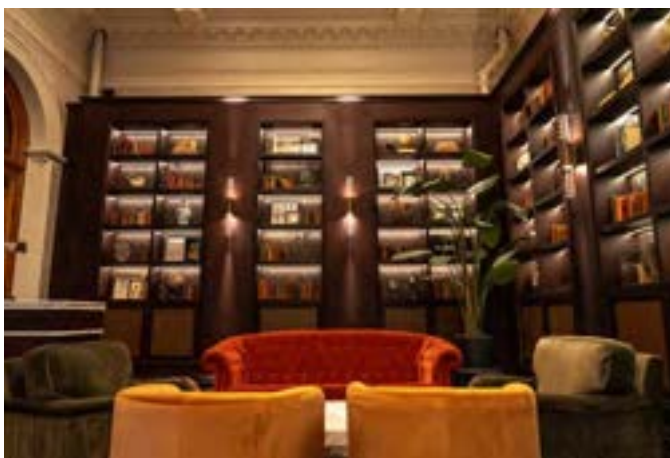

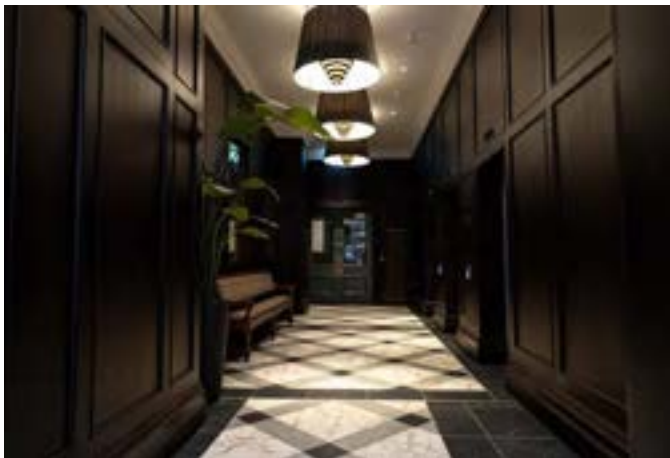

This Grade II* listed building's transformation into a luxury hotel has been widely acclaimed. The project was featured in Mix Interiors for its meticulous restoration and design excellence.

Project_Enclave, Croydon Client_Tide Construction Sector_Residential/ Student Accommodation

Hurst Joinery Projects collaborated with Tide Construction to provide specialist joinery for the Enclave development in Croydon, Europe's tallest volumetric towers. Completed six weeks ahead of an accelerated 20-week schedule, Hurst delivered high-quality joinery for communal areas, creating functional and inviting spaces that foster a sense of community.

Joinery Elements Supplied:

- Feature Wall Panelling
- Custom Bars
- Reception Desks
- Bespoke Furniture
- Bespoke Kitchens & Tea Points
- Solid Surface Juice Bar & Spa Counter
- Gym Area Elements
- AV Media Wall
- Planters
- Treads & Handrails for Oak Spiral Staircases
- Fire-Rated Timber Doorsets

The Enclave project won **Best Residential Tall Building Project** at the 2024 Tall Buildings Conference & Awards.

See our case study of **Enclave, Croydon**.

“

Hurst has consistently met our expectations with its innovative construction approach, meticulous attention to detail, and ability to overcome complex design challenges. The team's flexibility and responsiveness under tight deadlines, and expertise in blending bespoke joinery with the building's unique architecture were key to the success of this exemplary project. We are pleased to have achieved the best results for the operators of Enclave: Croydon.”

Project_New Victoria, Manchester
Client_VINCI Building
Sector_Commercial Amenity Space

Hurst Joinery Projects was appointed by VINCI Building to deliver bespoke joinery for the New Victoria development in Manchester. Connecting two residential buildings in a build-to-rent scheme, the project created welcoming communal spaces while meeting safety standards. Despite tight deadlines, Hurst delivered high-quality solutions on time and within budget.

Joinery Elements Supplied:

- Reception Desk with Tiling and Illuminated Screens
- Dining Kitchens with High-End White Goods
- Class B Fire-Rated Wall Panelling
- Bespoke Games Room Screens
- Fire-Rated Panel Doorsets
- Leather Upholstered Banquette Seating
- Bespoke Vanity Units with Mirrored Walls and Handrails
- Custom Ceiling Lattice System with Integrated Mirrors
- Wall Arches for Plant Displays
- Feature Bookcase
- High Tables

This project was awarded the **Regional Winner in the Residential Project of the Year** category by Constructing Excellence, highlighting its significant contribution to the residential sector.

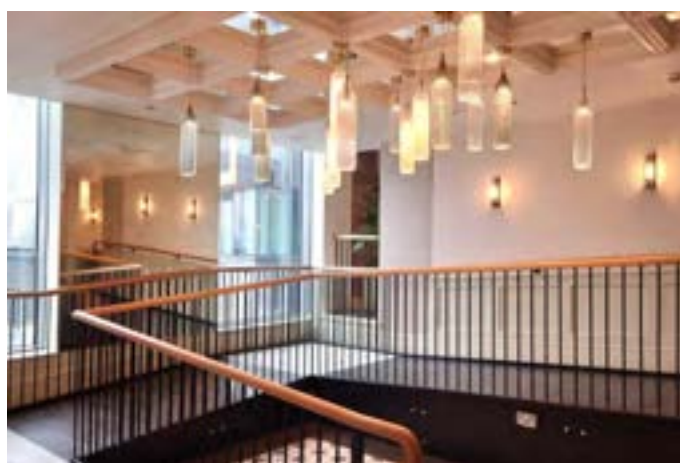

See our case study of **New Victoria, Manchester.**

"Hurst's commitment to quality and attention to detail were evident throughout our collaboration on the New Victoria project. Despite tight deadlines and increased requirements, they delivered exceptional results, enhancing the amenity space and contributing to a welcoming environment for residents. Their professionalism and dedication contributed to the project's success."

Project_Salisbury House, London

Client_Scott Osborn

Sector_Commercial Workspace

Hurst Joinery Projects partnered with Scott Osborn to refurbish the ground floor of Salisbury House, a Grade II listed building in London. The project blended historical charm with modern design across communal areas, meeting rooms, and the reception. Completed on time and within budget, it delivered high-quality joinery that harmonised elegance and functionality.

Joinery Elements Supplied:

- Tall Meeting Table
- Meeting Room Panelling
- Reception Desk
- Wall Panelling
- Stairway Banisters
- Breakout Room Panelling
- AV Media Wall

Project_16 Old Bailey, London

Client_Workplace Creations

Sector_Commercial Workspace

Hurst Joinery Projects worked with Workplace Creations to transform 16 Old Bailey into a modern CAT A+ office. Bespoke joinery, including an American Oak slatted wall and a curved planter, was delivered on time and within budget, creating a functional and visually striking workspace.

Joinery Elements Supplied:

- American Oak Slatted Feature Wall
- Unique Curved Planter
- Core Wall Slatted Panelling
- Teapoint Shelves
- Column Claddings

Following the successful completion of this project, Hurst was appointed to supply and install the joinery elements for Workplace Creations' new offices.

See our case study of
16 Old Bailey, London.

“Working closely with Hurst Joinery Projects was a privilege. Their expertise and attention to detail were evident throughout. From initial design to overcoming challenges like the unique curved planter, the end result was a stunning office environment. I am happy to share my experience on the successful collaboration.”

Project_Finance Sector Offices, Mayfair, London

Client_Maris Interiors

Sector_Commercial Workspace

Hurst Joinery Projects partnered with Maris Interiors to deliver bespoke joinery for a high-end office in Mayfair, London. Despite restricted access and tight deadlines, Hurst ensured quality installations, meeting the client's high standards. The project's success has led to ongoing collaborations.

Joinery Elements Supplied:

- Kitchenette
- Teapoint Island
- Banquette Seating
- AV Media Wall
- Collaboration Table
- Shelving
- Breakout Planter
- Bespoke Wall Panel Solution

See our case study of
Finance Sector Offices, Mayfair, London.

“

From initial consultation through to installation and completion of the project, Hurst were a pleasure to work with. The team were highly professional and worked with us to understand our requirements at every stage, advising on suitable design solutions and materials to ensure all elements were delivered on time, within budget and to the highest standards. Both our client as well as ourselves are delighted with the overall result.”

Project_Leeds College of Technology, Leeds

Client_McAleer & Rushe

Sector_Residential / Student Accommodation

Hurst Joinery Projects worked with McAleer & Rushe to deliver bespoke joinery for the redevelopment of Leeds College of Technology. The 19-storey student accommodation project included 514 units and ground-floor amenities. Hurst provided high-quality joinery for communal spaces, enhancing functionality and aesthetics while meeting timelines and budgets.

Joinery Elements Supplied:

- Reception Desk with Canopy, Illuminated Sign, and Shutters
- Tea Points in Management, Café, and Communal Areas
- Backlit Gym Mirrors
- Bespoke Planters
- High Seating with Integrated Planter
- Folding Benches for Launderette
- Upholstered Booth and Banquette Seating in Café, Games Room, and Waiting Areas
- Class A Fire-Rated Zintra Acoustic Wall Panelling
- ORAC Wall Cladding in Meeting Room
- Open Shelving for Deliveries
- Fifty-Six Suspended Acoustic Ceiling Baffles
- Karaoke Painted Feature Wall Panels

"From early design conception to final installation, Hurst Joinery Projects were highly professional and brought knowledge to the project for the bespoke joinery. During the design development process, the team worked closely with ourselves and design consultants to develop a high-quality product for the client, which aided in the success of presenting great amenity spaces for the students and staff. We look forward to continuing the working relationship on future schemes."

Project_Vita Student Accommodation, London
Client_Tide Construction
Sector_Residential/ Student Accommodation

Hurst Joinery Projects was appointed by Tide Construction to deliver bespoke joinery for Vita Student's 35-storey building in Lewisham. The project included oak-clad walls, reception desks, and seating for communal areas, completed on time for the academic intake. Its success led to Hurst's appointment for Vita's Cardiff development.

Joinery Elements Supplied:

- Oak-Clad Walls
- Reception Desk
- Dining Seating
- Open-Plan Kitchens for Private Dining Areas
- Comfortable Seating and Benches for Communal Areas and Gym

“

From concept to delivery, Hurst understood our requirements and we collaborated closely on the materials and finishes to help us achieve our vision for this development. The quality of the joinery is exceptional and we're extremely happy with the end result.”

Project_North Eastern University, London

Client_Workplace Creations

Sector_Education

Hurst Joinery Projects collaborated with Workplace Creations to deliver bespoke joinery for North Eastern University's new 38,000 sq. ft. campus at St. Katharine Docks, Central London. Spanning two floors, the vibrant design created dynamic teaching, learning, and administrative spaces, completed to the highest standards.

Joinery Elements Supplied:

- Oak-Clad Staircase featuring integrated LED lighting and a glass balustrade
- Bleacher Seating designed for flexible use in teaching and communal spaces
- Large Planters
- Acoustic Panelling, providing sound control for teaching and administrative areas
- Banquette Seating for communal and breakout spaces
- Tables with Wireless Charging Points
- Teardrop Tables, featuring a unique design to enable them to spin, adding a dynamic element to the interiors

See our case study of
North Eastern University, London.
